December 2018

Ellen Sandberg is the pseudonym of a successful author whose crime novels are regularly on the bestseller lists. She first worked in advertising before devoting herself entirely to writing. Her first novel *The Forgotten Ones* was on the Spiegel bestseller list for months and was received enthusiastically by both the press and the readers

When Nane is released after twenty years in prison, a lot has changed – but not the guilt still weighing heavily on her. And not the memory of the night that destroyed her life, either. And certainly not her relationship with her sister Pia.

Pia has done well for herself. The successful restaurateur lives with her husband on an idyllic vineyard, where it is easy to forget how fragile the foundation is on which her happiness is built. Then her sister Nane enters her life again and Pia suspects that the time has come for the truth. And with it the time for revenge – or forgiving.
