

How to be a papa

Thomas Richter

Pacifier Alarm

[Nuckelalarm]

The survival manual for fathers

Goldmann Taschenbuch

272 pages

Format 12,5 x 18,3 cm

May 2014

Thomas Richter, after his successful international career as a dancer and choreographer, founded his own event and management agency.

In his book of personal experiences, the young father Thomas Richter gives important survival hints for future fathers, including how to deal with the moods and sudden hunger attacks of the dear pregnant one, why his belly is nearly larger than hers, what better not to say in the delivery room, and what to do about baby's colic and hiccups. And how does it happen that one loves this small creature more than anything else in the world? A reading pleasure, and not only for young parents.

- Everything that men need to know about their new role
- Honest, witty, authentic
- For the new father generation
