Linus Roth alias the Leopard, ex-cop, now private investigator, lives on a houseboat in Düsseldorf harbour. No sooner has he closed one case than his one-time colleagues turn up and want to arrest him. The reason: Roth is suspected of murdering a boy in his home village who disappeared 20 years ago. The boy's remains have now been found – and with them traces of Roth's DNA. But that is not all: journalist Bodo Stein, whom Roth tracked down for a client, has been murdered. Stein was researching the case of the dead boy. For Roth's colleagues it is a clear-cut case. For the Leopard there is only one thing for it: he must take the bull by the horns.

The Night Hunter is the beginning of a new series featuring private investigator Linus Roth.
