

Magic is a dangerous game ...

T. S. Orgel
**The Bluestone Wars 1 –
The Legacy of Berun**
[Die Blausteinkriege 1 - Das
Erbe von Berun]
Novel

Heyne Taschenbuch
608 pages
Format 13,5 x 20,6 cm
October 2015

T.S. Orgel is the pseudonym of the two brothers Tom and Stephen Orgel. In another life they work as a graphic designer and advertising copywriter the one and publishing manager the other, but when they put pen to paper the result is fantastic worlds.

The once powerful Berunic Empire is in the process of disintegration. The old splendour is paling, the belief in the magic bluestone is being bloodily persecuted by the inquisition, and while all this is going on the emperor is wallowing in pleasure. When a revolt breaks out in the south, the time has come for unusual heroes: an orphan girl, a knight of the guard and a secret agent suddenly find they are pawns in a struggle for power and magic. The Bluestone Wars have begun ...

As epic, gripping and unpredictable as George R.R. Martin, Joe Abercrombie and Peter V. Brett.
