**Sophia Bergmann** studied theatre and literature sciences before working as an editor for television. After *A Year to Happiness*, *In the End the Happiness of the World* is her second novel with Diana.

After her divorce, Ellen urgently needs a new beginning. While clearing out her old marital home she has the perfect idea: she stumbles across the book "Yes, Marry Him" that her ex once gave her. He had asked friends from all over the world to send postcards explaining why Ellen should marry him. He bound the best of them to make a book and with it finally took Ellen's heart by storm. It was to be the beginning of a journey round the world – but it never came to that. Now Ellen at last wants to visit the people who fifteen years previously had prophesied love which vanished into thin air ...
