

## Join in the fun of guessing the answers to tricky questions

### Who Knows This?

[Wer weiß denn sowas?]  
Why is the hard drive called "C"  
and why do frogs close their  
eyes when they swallow?

Heyne Taschenbuch  
320 pages  
70 b/w illustrations  
Format 11,8 x 18,7 cm  
October 2018

Why can't trees grow taller than 130 meters? What, according to one study, increases office productivity? How can you hold a short phone call even if the battery of your Smart phone is empty? And what has been statistically proved to stop your craving for chocolate?

This book contains a collection of over 150 of the best questions and answers from one of the most popular quiz shows. Just like the candidates in the popular television programme, you can show what you have got in you. The big test of knowledge, not only for TV fans – entertaining, amazing and tricky!
