**Dagmar H. Mueller** has worked as a skiing instructor, music teacher and PR copywriter. None of this could permanently keep her from the passion she has had since she was a child, namely writing books. Dagmar H. Mueller is now a fulltime writer and has had her books published by several big German publishing houses.

A potpourri of chaos and riotous catastrophes – The Chaos Sisters are back!

Malea, Livi, Tessa and Kenny have now settled down in their new home, made some new friends and been through a few adventures. It is now time to face new challenges, such as Malea's search for a new aim in life. It is time for the world to be saved, and who better for this task than Malea? Livi on the other hand, with her alternative views of life, runs smack bang into the arms of a talent scout and finds herself in the world she so despises of beautiful people and those obsessed by fashion. Tessa has picked up lice while babysitting; she is faced with her own embarrassing challenge of having to go to the small-town pharmacy and buy something to get rid of the lice from the cutest pharmacist in the universe, and that's really no fun, either. And Kenny – well, Kenny has fallen head over heels in love for the very first time.
