Already as a child, **Lena Kiefer**, born in 1984, was a keen reader and loved making up stories. At first, it never occurred to her to turn her hobby into a career. After school, she strayed into the world of paragraphs; she found her way back to literature just in time, and studied German. Lena Kiefer now lives near Bremen with her husband and spends every minute at her disposal – or not – writing. The *Ophelia Scale* trilogy is her debut.

Ophelia now finds herself caught between two fronts. The regime-friendly Luddites and the resistance group ReVerse are employing all the weapons at their disposal in their battle with each other. The latter is now being led by the most powerful enemy of the royal family. When the population's mood threatens to tip to the other side, the king has to put all his eggs in one basket. And Ophelia has to decide what sacrifices she is prepared to make, as she attempts to save her great love, and her country.

- The phenomenal fantasy trilogy's explosive finale
- Spectacular characters, a spellbinding universe and highly addictive
