Already as a child, **Lena Kiefer**, born in 1984, was a keen reader and loved making up stories. At first, it never occurred to her to turn her hobby into a career. After school, she strayed into the world of paragraphs; she found her way back to literature just in time, and studied German. Lena Kiefer now lives near Bremen with her husband and spends every minute at her disposal – or not – writing. The *Ophelia Scale* trilogy is her debut.

Kenzie has sworn never to return to Scotland, and never to have anything to do with the Henderson clan again. The handsome hotel-heir Lyall has broken her heart, and from now on she'll focus only on her design course. But then she's offered a unique, career-making chance to help create a new Henderson resort on Corfu.

Lyall has been trying hard to forget Kenzie ever since she exposed him as an unscrupulous liar. All he cares about now are his plans to take over the family business. But then his mother unexpectedly needs help with a new hotel project in Greece. Little does he suspect that his heart is about to face its biggest test...
