Ingo Siegner, born in 1965, studied history and French, and spent two years in France as an au pair and as a student. He also trained as a bank clerk. He is an autodidact who always carries his paints with him. He has been writing and drawing for his neighbours' children for years and loves to read them stories. His little dragon Coconut is one of the best-known children's book characters in Germany. The books about the little fire-breathing dragon have been translated into many languages. His stories about *Meerkat Gustav* and *Eliot and Isabella* are also very popular with children. Ingo Siegner is a freelance writer and illustrator and lives in Hanover with his wife.

Where did real North American Indians live? And where do they still live today? What are the names of the various tribes? Do all Indians live in tents? How old are Indian children when they get their first horse? When do they first go on a bison hunt? These are just some of the questions the little dragon Coconut, guzzle guts dragon Oscar and porcupine Mathilda want to find the answers to, and so they go and visit the little Indian girl, Wild Bumble Bee, again. Here in this book they have noted down for Coconut fans everything they have learned.
